### ARREST THREE IN LIQUOR RAID

Two Fined; West Center st.  
Pool Room Owner Pleads  
Not Guilty

Three persons were arraigned before  
Municipal Judge William R. Martin  
this morning as the result of a raid  
on a West Side poolroom and rooms  
above Saturday night. The three were  
charged with illegal possession of  
liquor.

John Bishop and Mrs. Edith Moore  
pleaded guilty to the charge and were  
fined \$100 and costs and each com-  
mitted until their fines are paid. Edward  
L. Minougan, proprietor of the pool-  
room, at 352 West Center st., entered  
a plea of not guilty through his attor-  
ney. His trial was set for Friday  
morning at 10 o'clock.

The three were released on \$500  
bond each, Saturday night following  
the raid. Their arraignment was held  
at 9:30 this morning.

Minougan was arrested when li-  
quor was reported to have been found  
in different parts of the building.  
Bishop, police state, had liquor on his  
person, and Mrs. Moore, who was ar-  
rested a few minutes later, was said  
to have had liquor on the second floor  
of the building. The second floor, police  
said, was rented by the tenants  
from Minougan.

At noon today Gene of the famous  
radio singing team Jack and Gene  
was speeding in a Buick automobile  
in an effort to keep faith with the  
Marion Kiwanis club.

The Kiwanis club is sponsoring a  
two-day show at the Grand theater  
for the benefit of its health camp  
fund.

With all preparations complete for  
the appearance of the singing team,  
Kiwanis club officials were plunged  
into despair at midnight Sunday when  
word was received that the team  
would be unable to appear in Marion.

A week ago Jack's voice "cracked"  
and "went dead." All engagements  
last week were cancelled and, early  
Sunday morning, N.W. at Cincinnati  
announced that Jack had recovered  
his voice and would appear at Cincin-  
nati Sunday, Monday, Tuesday  
and Wednesday.

However, in the middle of his first  
performance at Cincinnati yesterday  
Jack's voice again went dead and  
Gene was forced to finish the act. The  
rest of the performances were can-  
celled.

In order not to disappoint radio fans  
Kiwanis club officials at 10:30 o'clock  
this morning succeeded in getting  
Gene's consent to appear by himself.  
Gene's consent to appear by himself  
was secured by the Kiwanis club.

At 11 o'clock Gene and Gene, the Kiwanis  
club feel that they have 75 per cent of  
the act to offer Marion. He left im-  
mediately for Marion. He will be here  
through Tuesday night.

Prospect Men Taken To Delaware Fol-  
lowing Accident

PROSPECT, April 15—Carl Herz-  
ner, of this place, is in June Case  
hospital, Delaware, suffering from a  
broken left leg and leg dislocation.  
Prospect, sustained bruises when the  
motorcycle which they were riding was  
sideswiped by an automobile at Troy  
Chapel, Sunday morning.

### DUNDEE LOSES This Time Supreme Court Refuses To Consider Case

WASHINGTON, April 15—  
The supreme court today de-  
clined to consider the claim of  
John Dundee, former welterweight  
champion, to a \$10,000 guaran-  
tee for boxing Pinky Mitchell  
in Milwaukee on Aug. 11, 1927.  
The contest was stopped by the  
referee, because of Dundee's  
alleged "stalling."

Dundee, whose right name is  
Sammy Lazara, went into the  
federal courts to compel the  
state boxing commission to order  
the payment of the \$10,000, but  
lost both in district and circuit  
courts.

These men are law-abiding citizens  
and simply violated a law which has  
not the moral support of this com-  
munity," said Counsel Louis Jerswald.  
Judge Thomas put the 10 defendants  
on probation for a year and gave  
them two months in jail as a sus-  
pended sentence. He fined each \$100  
and the two promoters, John  
Johns and Nicholas Proulx, \$500  
each. The latter two paid the fines  
for everybody. Four other defendants  
employed in the European club, also  
owned by Johns and Proulx, drew  
\$100 fines and suspended sentences.

The attitude of the court brought a  
bit of sunlight to Helen Morgan,  
actress and night club entertainer,  
who goes on trial this afternoon before  
Judge Thomas for "maintaining a  
nuisance, a case similar to the charge  
against Texas Guinan."

Other contests filed with the  
following members:  
Augustus McGlothy, Democrat,  
of Texas; William H. Lawrence, Re-  
publican, of Mo.; Vincent P. Sullivan,  
Democrat, of Md.; and Louis Ludlow,  
Democrat, of Indiana.

### JUMP FROM STALLED SHIP KILLS AVIATOR

Parachute Fails To Open;  
Pilot of Plane Escapes  
In Crash

QUIMBO, Mo., April 15—The body  
of Lieut. Shirley Gray, airplane  
observer of the Missouri National  
Guard air unit, who leaped from his  
plane in a parachute after the en-  
gine had stalled near here last night,  
was found today, near the wrecked  
plane.

Capt. William B. Wimmers, pilot  
of the plane which was en route to  
Lambert Field, from Jefferson City,  
also leaped with a parachute and es-  
caped with a slight back injury.

Gray's parachute was said to be  
unopened.  
The pair were returning from a  
training trip to Jefferson City.

HE GETS IT  
Youth Seeking "Atmosphere" for  
Novel Sentenced to Jail

WARREN, April 15—The search  
for "atmosphere" was being continued  
today by B. C. Askew, 18, a self-styled  
author, in the Warren jail. Askew  
was arrested on a charge of molesting  
a woman and told Judge C. B. Perry  
that he wanted to go to jail to absorb  
first-hand ideas for the great Amer-  
ican novel he intends to write.

The judge accommodated with a  
\$50 fine, to be worked out at the rate  
of \$1.50 a day. At last reports Askew  
was said to have admitted that he had  
already obtained "enough" jail  
atmosphere and sent out on \$500 to  
friends for enough money to pay his  
fine.

### 10 NIGHT CLUB CASES DROPPED

Judge Suspends Sentence as  
Result of Guinan Ac-  
quittal

NEW YORK, April 15—Federal  
Judge Edwin Thomas, of Connecticut,  
contradicted his reputation for  
severity today when he suspended jail  
sentences against the 10 defendants  
in the nightclub case of the Selon  
Royale who pleaded guilty while the  
eleventh defendant, Texas Guinan,  
stood trial and was acquitted of a  
similar charge of maintaining a nu-  
isance in connection with the sale of  
liquor.

Defense counsel declared that in  
as much as the evidence which could  
have been used against the defendants  
who pleaded guilty served to incriminate  
Miss Guinan, it placed the 10 awaiting  
sentence in a "paradoxical situation."

These men are law-abiding citizens  
and simply violated a law which has  
not the moral support of this com-  
munity," said Counsel Louis Jerswald.  
Judge Thomas put the 10 defendants

### SIX BANDITS BEAT MAN, ROB SAFE

Dayton Dry Goods Store  
"Job" Investigated by  
Police

DAYTON, April 15—Six armed  
bandits last night "cracked" the safe  
of the Dayton Dry Goods Co. here,  
and after looting the safe, the band-  
its, George Cromer, into a semi-conclu-  
sive, escaped with an unaccounted  
amount of loot.

Approximately \$400 in small bills  
was left in the safe.  
The men, trained Cromer into a  
chair, using a bolt of wood and some  
electrical tape taken from the com-  
pany in the store.

During the scuffle, Cromer's glasses  
were broken, and before leaving one  
of the bandits, tucked \$30 into  
Cromer's belt, and told him  
"here's 30 bucks, so buy yourself  
a new pair."

Authorities were conducting a  
searching investigation into the rob-  
bery today.

### COLUMBUS MINISTER TAKES COMMISSION

Rumor Husband of Furnace  
Victim To Marry Before  
Going to India

COLUMBUS, April 15—The Rev.  
C. V. Shestak, whose wife was  
burned to death in a furnace several  
years ago, today had resigned from  
his pastorate here to accept a com-  
mission to India for the Lutheran  
Joint Synod of Ohio.

# CONGRESS OPENS Herrick Is Laid To Rest

## CLEVELAND IS SILENT DURING HIS FUNERAL

Factories, Schools and Of-  
fices Cease Activities in  
Tribute to Envoy

SERVICES ARE SIMPLE  
Clear Notes of Taps from  
Bugle End His Earthly  
Career

CLEVELAND, April 15—As the  
simple, impressive funeral rites to  
Franklin D. Herrick, the city came  
to rest for five minutes by pro-  
clamation of the mayor. Factories shut  
down their machines, public schools  
and municipal offices ceased activity  
and remained silent. Electric power  
was cut off all over the city for one  
minute.

Within the cathedral, Bishops Wil-  
liam A. Leonard and Warren L.  
Rogers and Dean Francis White con-  
ducted the solemn, but simple cere-  
monies. There was no eulogy or  
formal oration, but the services were  
marked by the playing of the flag-draped  
funeral march, except for the flag-draped  
casket beneath the chancel.

The only floral offerings were those  
sent by President Hoover, Secretary  
of State Stimson and Governor  
Carter of Ohio. Three hymns,  
"Cooper My God to Thee," "Lead  
Kindly Light," and "Abide with Me,"  
were sung.

Franklin D. Herrick, the ambassador's  
son, and his family, sat in the  
pew, with his father, Mr. Herrick,  
brother of the deceased, who is con-  
sidered from a serious illness. He  
came for the funeral from his farm  
near Canton.

Colonel Lindbergh sat nearby.  
Others in the mourning section were  
Governor Cooper and his staff, Post-  
master General Walter Thompson, per-  
sonal representative of President  
Hoover, Col. Gen. D. H. Nolan,  
Lieut. Col. Harry Hawley, and  
Assistant Secretary of the Navy David  
Lagard.

Other church, state and national  
dignitaries sat further back. Repre-  
sentatives of civic organizations, rela-  
tives and friends of the family from  
distant parts of the nation were also  
present. A large crowd stood in the  
drizzling rain outside the church.

Episcopal rites require that the  
congregation stand during the greater  
part of a funeral ceremony. The tall  
figure of Colonel Lindbergh, in a blue  
serge suit and black tie, was con-  
spicuous as the famous young flier  
stood with his head bowed in grief.

Eight non-commissioned officers of  
the Ohio National Guard and two  
petty officers of the Ohio Naval Mil-  
itia carried the casket to the waiting  
hearse. Thousands of people, with  
heads bowed, jammed the streets as  
the funeral procession, started for  
Lakeridge cemetery in a cold, drizzling  
rain.

The Parnell Herrick family and  
Colonel Lindbergh were in the front  
car behind the hearse. Cavalry Troop  
A and G of the Ohio National Guard  
formed the escort.

Through streets lined with flowers  
and black crepe the procession made  
its way to the cemetery. Flags ran  
in half-staff and store win-  
dows to the top.

## Frogs Make Trip by Mail Despite Uncle Sam's Rule

HALL a frog live jumps  
frogs enjoyed a trip  
from Lake Charles, La., to Dr.  
P. A. Stegert, South State st.,  
Saturday. The frogs should have  
enjoyed it, for they were setting  
a precedent in the local postoffice  
by the mere fact that they were  
there.

Daily chicks, turkeys and all-  
igators are permitted to go  
through Uncle Sam's mail  
bags, but there's a limit even to  
this grand old man's sense of  
mailing duty when it comes to  
frogs, as they have been banned.  
Charles Farasworth, a nephew  
of Dr. Stegert, shipped the frogs  
intended as a dinner menu deli-  
cacy, in a perforated box. The  
sealed box was 18 inches and the  
largest 21 inches.

The only explanation that the  
local office can give for the in-  
fringement of the postal laws, is  
that the frogs were shipped from  
a small office that may have  
lacked acquaintance with the  
fine details of mailing laws.

By International News Service  
At least 10 persons in Ohio met  
violent deaths over the week-end,  
a checkup by International News Ser-  
vice revealed today.

William Zerke, 23, and Esther  
Carter, 15, were killed when a train  
struck and demolished their auto  
near Lima.

Mrs. Catherine C. Faltig, 65, was  
struck and killed while crossing a  
street at Chillicothe.

A 15-year-old farmer, C. E. Hodder,  
sustained fatal injuries when his car  
collided with another near Lima.

Mary Kolbe, a Fleming, three  
years old, was run down and killed  
by a street car at Lima, and Lucy  
Mills, 45, was crushed to death  
when he fell asleep on the tracks at  
Cleveland.

John Jacob, 41, was killed near  
Hillsboro, when he was run down  
by a train as he was walking along  
the tracks.

Arthur Heister, 18, was hurled to  
death at Bridgeport, and an uniden-  
tified man suffered fatal burns last  
week at Toledo.

Offie White, 45-year-old boy, ac-  
cidentally shot and killed himself near  
Columbus. John Lambough was  
electrocuted in a forcing plant at  
Alliance. Thomas Motz, printer,  
was drowned in the river at Lima.

## 400 MEASURES SENT TO OPENING SESSION

Hoover Congress Draws Bills  
Left Over from Last  
Meeting

WASHINGTON, April 15—More  
than 400 bills were loaded into the  
house hopper at the opening day of  
the "Hoover special session," despite  
the announcement of leaders that  
the session would be limited to farm  
relief, tariff readjustment and emer-  
gency measures.

Most of the bills were left over  
from the last session, with session  
bills in the majority.

Representative Penn, Republican  
of Connecticut, chairman of the com-  
mittee, introduced the bill for  
postponement of the session, which  
was the last session and not ac-  
cepted by the senate.

Several bills affecting the pro-  
cess of government were introduced by  
Representative Kelly, Republican of  
Pennsylvania.

They included a bill authorizing  
the postmaster general to contract  
for foreign mail service in airships,  
mandatory death sentence for killing  
while robbing the mails and transfer  
of first, second and third-class post  
masters to the classified service.

Representative Lithicum, Demo-

making "The Star Spangled Banner"  
the national anthem. It was the  
official anthem of the army.

## DISTRIBUTE TROOPS ALL ALONG BORDER

1,200 Soldiers Are Now In Nogales; 20 Planes Due Today

## REBELS CONCENTRATE Likely To Put Up Fight Rather Than Abjectly Surrender

NOGALES, Ariz., April 15—American army commanders along the border are taking no chances on the Mexican revolution "boiling over" into the United States in its last stages. Today they completed plans for the distribution of troops and airplanes along the Arizona-Sonora border and established headquarters here.

Arrival late today of 650 men of the Twentieth infantry from Fort D. A. Russell, Wyoming, will increase the soldiers in Nogales to 1,200, the strongest American concentration anywhere immediately on the border.

Twenty airplanes also will reach here today from Fort Huachuca, Ariz., and with the ground forces will use Nogales as the main base.

The remaining 500 men of the Twentieth infantry will go into camp at Bisbee, Ariz., while 100 Seventh regiment cavalrymen from Fort Bliss, Texas, will be stationed at Douglas, Ariz.

**Garrison Strengthened**

Reports trickling over the line indicate that while revolution may be on its last legs it still has a vigorous kick or two left. The garrison of the adjoining Mexican town of Nogales has been strengthened by fresh arrivals, while a heavy concentration of rebels is reported taking place south of here.

It is considered possible that the insurgents will put up a fight in this vicinity rather than abjectly surrender. With this revolt destined to go down in history as practically hopeless, a final fight would soothe rebel pride, if nothing more.

**Decision Follows Conference**

The strongest American patrols will be maintained between Nogales and Naco. It is this stretch where the rebels are expected to swarm into the United States—perhaps peacefully, perhaps not—if their army breaks up.

Decision to reconquer American troops and airplanes here followed a conference today of this officials and army commanders.

## Almazan in Hot Pursuit of Rebels

El Paso, Tex., April 15—Gen. Juan Andres Almazan and his federal army were in Juarez today but in pursuit of rebel forces that have fled into Sonora. The federal leader's troops consist of several thousand infantry and cavalry.

Remnants of the harassed rebel armies are concentrating in Sonora along the international border where, as a last resort, the leaders can take refuge in the United States.

The revolutionary forces are fearfully shattered. Following the flight of Gen. Francisco Mazono into the United States last Friday there were reports that Gen. J. G. Escobar himself would follow Mazono across the border.

There were also reports that Escobar and Gen. Ernesto Topello had offered to surrender if the federalists would agree to grant amnesty. Escobar later denied any such overtures.

## SHOWS SPEED

Army Plane Goes Over County 145 Miles An Hour

Officials of the Hocking Valley railroad here report that an army monoplane, which had followed a course over the Hocking Valley track this morning from Toledo, traveled six miles between here and Maumee in two and a half minutes. This means an approximate speed of 111 miles an hour. The plane was found at leaving a certain point, known to be six miles from Maumee, at 9:53 a. m., reaching this city at 9:58 o'clock.

## PLAN NEW BRIDGE

Highway Department To Build Structure in Wyandot County

UPPER SANDUSKY, Ky., April 15—State highway department engineers are completing surveys for the new bridge to be built on the Lincoln highway over Sandusky creek. The new structure will be about 150 feet south of the present bridge and will cross the creek more nearly east and west. On the east side the bridge will be approached by a long S curve of two five-degree sections. There will be two six-degree curves on the west side. These curves will extend some distance back into the paving that was completed last year.

The new structure will be of concrete but the exact type will not be determined until borings are made to disclose the type of support the foundation will have. The new plan will eliminate the dangerous curves which now lead to the bridge. A bill will have to be made for part of the road.

## SIX ACCEPTED HERE FOR TRAINING CAMP

Four More Needed To Complete County's Quota for Military Corps

Six applications have already been accepted for Marion county boys to attend the Citizens' Military Training Camps this summer. The quota for the county is 10, according to E. H. Shade, Marion county chairman in charge of enlistments, who reports he is anxious to see the figure run as far above the quota as possible this year.

It is estimated by officials that approximately 65 per cent of the Ohio quota has been filled. Judging from the number of applications already filed and those to be soon filed, Shade estimates the county total will run far past the quota.

More strictness is being shown by officials in accepting or declining the applications of young men planning to attend the camp, Shade says. Two applications have been returned here because the ages of the applicants lacked a few weeks of requirements.

Those from Marion planning to attend camp this year, who have never spent a previous summer there, will go to Fort Benjamin Harrison at Indianapolis on June 20, where they will remain 100 days, returning July 10. Camps for the more advanced students are Fort Thomas and Camp Knott, both in Kentucky, which are open July 2 to July 31.

A summer in one of these camps is equal to military training required in colleges during a nine-month term, and may be substituted for the training in most recognized colleges. There is practically no expense involved in the camp training for the applicant, an expense to and from, and during.

## AUTO BACKS INTO RIVER, 4 DROWNED

Machine Left in Reverse; Accident Occurs at Dixon, Ill.

DIXON, Ill., April 15—Four persons are believed to have been drowned here Sunday morning when their automobile, which was parked in reverse gear, backed up when started and plunged into the swollen Illinois river.

Two men were known to have been in the car at the time of the accident, and two women were seen with the men shortly before they got in the car are missing.

The men drowned were: Lou Farver, driver of the automobile, 20 years old; Jacob Moon, 36; The woman missing are: Mrs. Lita Schumaker, 50, and her

daughter, Mrs. Nora McPherson, 21. Police and river men were searching for bodies, but the flooded condition of the stream balked their efforts.

**DRY LAW HERE TO STAY, SAYS SCOTT M'BRIDE**  
DAYTON, April 15—Dayton today resounded with the prediction of

"Prohibition is here to stay," made by E. Scott McBride, general counsel of the Anti-Saloon league, in a speech here yesterday.

Coming at a time when a liberal group in Ohio is reported to be laying the foundation for a referendum of the state prohibition law at the 1931 election, McBride's statement aroused unusual comment.

He admitted that prohibition is not "perfectly enforced," but declared it had decreased the consumption of alcohol each year.

Aability doesn't concern prohibition; nevertheless, it is not agreeable.

## COOPER PUTS VETO ON NEW JOB BILL

Wage Hikes Also Hit by Governor; Signs Other Measures

COLUMBUS, April 15—Gov. Cooper, in vetoing two bills Saturday, took a stand against creation of new jobs and increase in salaries.

The Wise bill, one of those which met his veto, would have created the office of deputy state treasurer and would have raised the salaries of the first and second assistant attorneys general and the two deputy inspectors and supervisors of public office in the auditor's department.

The Emmons bill, which also was vetoed, would have created the office of commissioner of the blind and deaf at a salary of between \$3,000 and \$5,000 a year.

Nine bills were signed by the governor Saturday at the same time that he raised his veto total to three since entering office.

Bills signed were:

The Scott bill permitting taxing districts to pay certain claims against them, provided the state auditor's approval is obtained.

The Carpenter-McCune bill creating a municipal court in Steubenville.

The Laybourne bill providing further agricultural extension work in the various counties.

The Hoover bill providing distribution of inheritance tax money so that the portions accruing to municipalities and townships may be used to meet both general operating and sinking fund costs.

The Herbert bill removing certain restrictions on erection of electric transmission wires through municipalities.

The Rea-Guard bill extending the powers of county commissioners in constructing guard rails at bridge and viaduct approaches.

The Stevens bill permitting the city of Dayton to connect its sanitary sewer system with that of the Dayton State hospital.

The Linsmore bill amending the laws relating to sale and lease of ministerial lands.

The Myers bill authorizing villages and townships to contract with neighboring municipalities for fire protection.

The commissioner of Blind and deaf, provided in the Emmons bill, would have been designated to give special attention to the problems confronting the blind and deaf people of Ohio with respect to facilities and fitness for obtaining opportunities to earn their livelihood; to establish contacts for the blind and deaf with employers, and to investigate the vocational education of the blind and deaf. The commissioner would operate in the department of education.

## GAS BLAST SUIT UP IN COURT ONCE MORE

Columbus Store Asks \$150,000 for Explosion That Occurred in 1921

COLUMBUS, April 15—A \$150,000 damage suit brought against the Columbus Gas and Fuel Co. by Wright Stores, Inc., beginning today in Franklin county common pleas court, brings remembrance of the explosion which wrecked the Wright store in 1921.

Gas escaping into the basement of the store caused the explosion, which killed and injured several persons, according to the company's petition.

At the first hearing of the case April 8, 1927, common pleas court directed a verdict for the gas company and six insurance companies, which were party defendants.

An appellate court reversed the common pleas court decision 13 months later. A motion for rehearing was overruled and the state supreme court upheld the appellate court, remanding the suit to common pleas court for rehearing.

SEE What You're Paying For!

Through this little window (found only in "Alaskas") you actually SEE that you're getting that fine CORK PACKING that keeps the heat out and the cold in! It must be good... it's used by the government, by the big meat packers, by cold storage concerns, etc. Insist on getting that, for that's what saves your ice, and keeps your food colder... fresher!

## Would You Drink From A Pond — Or Sleep In A Gas-Filled Room!

Certainly not! And impure food is as dangerous as impure water or impure air. If your food is not kept quite cold enough... not quite DRY enough... germs will thrive! And you can't always tell by the looks of it! Everything you take out of that old, dirty, half-cold box may be a danger to the health of all your folks!

Take no chances! "Alaska's" lower temperature assures you healthful food... always fresh and tasty! "Alaska Air-Circulation" keeps it always free of odors and impurities... so dry that you can even keep matches in it!

More than just a refrigerator! Yet even with their handsome cabinets... you pay no more! You'll specially like the "Alaska" patented drain-pipe—cleaned in a jiffy! And the gleaming white interior... as easily washed as a dish! Don't deny yourself these things another day! Get your "Alaska" tomorrow!

Pay Only \$5 Down On Any Alaska

Then long months to pay the balance! While your Alaska pays you back its cost and then a handsome profit by the ice and food it saves. You'll never need to buy another refrigerator. Act now!

**Bargains!**

\$17.50 Top-Icing Refrigerator **\$9.85**

\$29 Side-Icing Refrigerator **\$15.95**

No, not Alaskas, but mighty good refrigerators! And the saving given you an idea of what to expect if you select an Alaska! Be sure to see these values!

**\$5 For Your Old Box**

Trade in that lanky, smelly old box that is taking your food and dripping your good money away! No matter what its condition, we'll allow you \$5 for it on an splendid, ice-saving Alaska! Just see how much more you enjoy your meals!

## You Can Bake Like A Master Chef

With the New **DETROIT Jewel**

Your cook book's on the wheel! Set the dial at the name of the food you're baking! Then leave that hot kitchen and read, or sew, or rest (fill your food is done to a delicious turn. Save many wearisome hours!)

**You Never Saw Such Beauty**

They're really "Jewels"! With smooth, gleaming expanses of lustrous porcelain... some richly trimmed with soft pastel colors. Not an unsightly bolt head to be seen. Handsome enough for your living room! Boast for your lifetime!

**Detroit Jewels now as low as \$37.50, Easy Terms**

**There's No Comfort Like "Kroehler's"**

Couldn't be... for nowhere in the wide world is there a construction like "Kroehler's". Here's one maker that's as careful about the inside as that's hidden... as about the outside! Call it "manufacturing honesty"! That's why every "Kroehler Living Room Suite" is solid comfort thru and thru! That's why every one is guaranteed for your whole lifetime! It costs you no more! Don't be satisfied with less!

Sell Us Your Old Pieces

Every one of those shabby, out of date pieces will go a long way to help pay for a handsome new piece to replace it. Don't leave a single room to make you ashamed before friends! Trade them all in now on lovely modern things!

Cigarette smoking has become so prevalent on New York dance floors among both men and women that after each dance a waiter goes over the polished surface to gather the ashes.

Hollywood is making Broadway a wilderness for the wisecracker. Quiet on the safe close-ups have trekked westward to make the movies. All they received to ill-will in the Broadway canyon was a tragic free drink and an atmosphere of gag. But in Hollywood gags not only bring gagger as high as \$750 a week but earn him to the glory of being called a constructionist. Such call with a name. Alizer Grant Clarke Arthur Cane and others long ago deserted night bazaar to the sun all-ward French windows of the bungalow—and without a headache. The gag man does not have his own lights but he is certain of a job if he knows his trade and that can not be said of star or director these melancholy days.

A distinguished novelist with a wide background in the Hollywood studios waiting to expound his brilliant scenario idea by word reaches the inner sanctum a gamma with some brand new ones is at the gate the moguls kick their feet off the teatime down the brass pole and rush to welcome him. Almost any one can—and has—written a scenario but few are able to fashion a clever gag.

An old but excellent Hollywood story concerns the comic ballooned into sudden wealth via the mustard pie route. He bought a magnificent Spanish castle in the Beverly Hills adorned with a flaming awning porch and wide sweep of terraces. Looking it over from his veranda, he saw the fountain was in a state of decay from disuse. 'I'll have to pump that fountain!' he exclaimed.

There is an inclination to sniff at the movie gag but even the successful musical comedy is made up largely of a string made over smart cracks. The passing scene proved the power of Gershwin music an Oscar Harbach book or a great star will not save humorless musical comedy.

The crowds once thrilling to the hissing Dobemismen of John Letan's Hungarian crier on Second avenue have learned of his past. There was no place quite like Letan's, so prohibition came to the land. There was a temperamental Gypsy orchestra whose leader would suddenly cease at the clatter of a plate or dropping fork. And there was the proprietor who would never refuse a drink with a tomer, but would show them the door at the first sign of a roving blotter.

From a society weekly. It is possible that this season will see a change in polo costume. The snow white uniform so prized by the English poloist is likely to give way to a more native khaki.

## The Way of the World

BY GROVER PATTERSON

In this day of wasted hours and of thinking when people go at a pace that don't really work hard when they do work they have to do with one eye on the

clock and the other on a highway map. The words of Myron M. Stearns in the *Wall Street Journal* bear directly on the situation for many of us. This quotation is a little longer than is usually found in this column but it is worth our attention in full. The daily 40-hour week is a few minutes of relaxation before dinner and a bridge game in the evening superimposed on a concrete striving toward ultimate goals.

This condition becomes all the more  
 log when we reflect that few men ever  
 approximate the possible mentality that is the  
 by inheritance. John dropping out of 'st

at fifteen and slipping into his mental groove of already formed habits long before he passes twenty five may have inherited cerebral hemispheres of a Shakespeare or Einstein.

A man of thirty is still practically a top of his ability to learn. A man of 60

can learn as rapidly as a boy, of fifty or sixty or more the average person can learn as rapidly as a child of ten. And rate of learning includes practically all general abilities from simple manual learning intricate arithmetical systems.

We needn't worry about the source of power or the sources of materials that we need in our industrial development. Our sources are being tapped all the time. The

the chemist and the laboratory will supply the needs of the workaday world after most of our present visible resources have gone. We are just learning how to use straw. So many people outside paper mills have taken straw very seriously.

we learn from George H. Harrison, president of a chemical company in Wisconsin, that a ton of straw will yield when properly treated 1,600 pounds of usable material. In fact, a ton of straw yields 640 pounds of carbon, fifteen to twenty gallons of crude oil, and

Perhaps the fundamental comfort of it is not climate and flowers and birds and trees. Perhaps it is the renewed proof of

## First Hoover Message

BROADCAST ARRANGED

## To Be Heard Tuesday

BY MARY L. TOLSON

PRESIDENT HERBERT HOOVER

His first message to Congress which will open its extraordinary session on Tuesday will be sent to the national audience of the Columbia Broadcasting System by President Hoover. The message will be read by the president himself, and will be heard by the millions of people who are listening to the radio.

The following selection will be heard on the evening program on the radio: The President's Message to Congress, read by the president himself, and will be heard by the millions of people who are listening to the radio.

In order that the radio audience might receive this speech as rapidly as possible, President Hoover granted special permission to Mr. Wiley to begin to read it to the radio audience two minutes after the house standing clock begins at the capital.

This broadcast will in no way affect Mr. Wiley's talk on the political situation in Washington tonight which will be delivered at 8 o'clock Tuesday night at which time he will also speak on the subject of Hoover's message to Congress but will devote more of his time to an analysis of the various statements made there in and to a description of the attitude of various prominent political figures on the president's message.

# OPTIMISM PREVAILS IN BALL CAMPS

## NATIONAL LEAGUE MANAGERS EXPECT CLOSE PENNANT RACE

Say Cubs, Giants, Cardinals and Pittsburgh Loom as Strongest Teams of Loop, All Given Equal Chances To Finish in First Place

(Copyright, 1929 by I. N. S.)  
OPTIMISM was the keynote of statements made today by managers of National League teams in comment on the prospects of their clubs in the 1929 pennant race which opens tomorrow. The statements of American league managers will be carried tomorrow.

### New York Giants

NEW YORK, April 15.—John J. McGraw, manager of the New York Giants, believed his club will be in the thick of the pennant race from the opening gun, he said today. His statement:

"I think it will be a great race with at least four clubs in a hot battle all the way. I expect the Giants to stay right up there from the start. Three or four clubs will surely have a great chance to win. It is almost a certainty that New York, Chicago, St. Louis and Pittsburgh will put up a battle royal. Chicago has been greatly strengthened by the addition of Hornsby. He has given that club a big punch, and they will be hard to stop. St. Louis has a first class team that cannot be counted out, and the same can be said for Pittsburgh."

"I think the Giants are stronger than they were last year and you know how close they came then winning. We have a well balanced club and the spirit of the players is wonderful. I will certainly be surprised if the Giants do not make a grand race."

### Chicago Cubs

CHICAGO, April 15.—Joe McCarthy, aggressive manager of the Chicago Cubs, feels certain his recently strengthened club will be a strong contender for the pennant this year. His statement:

"The Cubs of 1929 are by far stronger than any team I ever have managed before and I feel certain they will be a strong contender this year for the pennant. I am entirely the addition of Hornsby, that has given us this strength. Other players who have been with me the last three years have now developed to better standards than they had before. Hornsby has given us added punch and we need more punch. He has also served to inspire other hitters, especially Wilson and Stephens, who are hitting better than they ever did before. I look for Hank to have a great year. Cuyler is a better player than ever. There is no doubt about it. The team has power in its attack and it always works on defense."

"We have a pitcher or more in prime condition for the season opening. I expect Blake and Malone to be better than ever. Carlson is in shape this year to help us a lot and we still have Neff, Root and Bush. Root looks like he'll stage a come back. Frer, man on the team is in fine shape for the opening, with the single exception of Gabby Hartnett, who has been in trouble with his shoulder but is likely to be ok in another week or two. In the meantime there is Mike Gonzales to do the catching so there is no cause for worry."

### Boston Braves

BOSTON, April 15.—Judge Louis E. Fitch, who with Johnny Evers is managing the Boston Braves, says the Braves are not worrying where they will finish. All Fitch wants is the winning club. His statement:

"I think the Braves have only one ambition this year and that is to be a hustling, willing ball club with no indication of just where they will finish. I am not much concerned about what any team is likely to do. Spring games are no barometer of what to expect. Take the Braves for example. We were winning nine out of 10 exhibition games a year ago, this spring—and you know where we finished. This year we were dropped, all sorts of tribulations. I think that won't tell us where we will finish."

"There are no real outlying teams in the National League this year but three that rank equally high—the Giants, Pittsburgh and Chicago. It will be a good race. Possibly the only way the Braves are improved this year over a year ago is in the fact that they have spent this year. A ball club, ball club is what the Braves will be this year."

Possibly the only way the Braves are improved this year over a year ago is in the fact that they have spent this year. A ball club, ball club is what the Braves will be this year."

### Cincinnati Reds

CINCINNATI, April 15.—Jack Hendricks, general manager of the Cincinnati Reds, thinks well of his team as possible pennant winners. His statement:

"By JACK HENDRICKS  
I like the Reds better and better as the hour for the start of the baseball season nears. I think we will be right up there in the pennant fight. They will have to beat the Reds to win the pennant. I think well of our chances to cop."

"I surely will be a first division club. Of that there is no doubt in my mind. We have a well balanced team. Our pitchers are in shape. Donohue is in the best condition he ever has been in and Laque, Lucas and Hixley are in top form. We have a newcomer also in Slim Johnson from the Mississippi Valley league from whom we are expecting great things. He shut out the Yankees for five innings and (Gus) Dahl, down south in a practice game. We also is in fine shape."

"We have one of the finest lineups in the big leagues. We have Kelly at first, Crix at second, Ford at short and Lutz at third. In reserve for them I have Fritz and Ford hold the record for double plays with 101. The outfield also has a punch. Our prize outfielder probably will be Swan son whom we got from San Francisco where he tallied at 346 clip last season. He has been doing, notable stick work down south. Allen Walker and Purdy are other good outfielders and we have some pinch reserves. I believe of pinchers to report has handicapped our catching department but the team as a whole looks fine."

### Brooklyn Dodgers

NEW YORK, April 15.—Wallace Robinson, general manager of the Brooklyn Dodgers, believes that his team will be a powerful contender for a berth in the first division provided some of his injured stars are able to return into condition within a reasonable length of time. His statement:

"If Glenn Wright is able to take his regular place at shortstop within the next few weeks I feel confident the Brooklyn club will finish among the first four. At all events we should not be lower than fifth. Our batting order will have a punch in every one of the first seven places with Wright in the game. Moreover, our infield will shape up as one of the strongest, Brooklyn fans have seen in a number of years. The pitching staff I must admit is causing me some concern right at the moment. The twirlers have been slow in settling into condition and as a result we may be working under a handicap in that department at the beginning of the pennant race. Nevertheless we have the finest pitcher in the country in Dave Vance and strong support will come from Don McWeeny, Tim Lark and Jim Elliott. We have had more than our share of hard luck in the training season but if the whole club gets going to enter its going to take a mighty good time to stop us."

"I think the Cardinals are as strong as any club in the league but I can't say where we will finish because you never can tell what misfortune may befall us."

### St. Louis Cards

ST. LOUIS, April 15.—That the Chicago Cubs and the New York Giants will provide the St. Louis Cardinals with their greatest opposition during the 1929 pennant race is the opinion of Bill Southworth, youthful manager of the National League champions.

"I think the Cardinals are as strong as any club in the league but I can't say where we will finish because you never can tell what misfortune may befall us."

## BABE RUTH DENIES MARRIAGE REPORT

Says He Is Not Planning To Wed Former Folies Girl

NEW YORK, April 15.—"With characteristic vigor Babe Ruth today drove over to the field fence to report that he was soon to marry Miss Claire Hodgson, a former Folies girl whose name had been linked with the home run king since before the tragic death of his wife in Waterbury, Miss., last winter. I am not getting married today or tomorrow or any time ever that I know of," Babe said. I haven't seen Miss Hodgson. I don't know where she is living or even if she is in New York."

Miss Hodgson, who has been frequently with the diamond star at various public functions, was formerly Clara Merrill, daughter of Joe Merrill, a lawyer of Athens, Ga. Mrs. Merrill the young woman's mother was reported to have kept a boarding house in Athens.

"Our team is in very good shape and we certainly have a bunch of fence busters in this year's lineup. This is my first experience as manager of the Cards but I am going to do my best to bring them to the top. We will play real baseball on the field whether we are nine runs ahead or nine runs behind. My boys are going to get there and fight, and we are going to do our best to bring home the bacon. I think the Cards are as strong as any club in the league but I can't say where we will finish because you never can tell what misfortune may befall us."

### Brooklyn Dodgers

NEW YORK, April 15.—Wallace Robinson, general manager of the Brooklyn Dodgers, believes that his team will be a powerful contender for a berth in the first division provided some of his injured stars are able to return into condition within a reasonable length of time. His statement:

"If Glenn Wright is able to take his regular place at shortstop within the next few weeks I feel confident the Brooklyn club will finish among the first four. At all events we should not be lower than fifth. Our batting order will have a punch in every one of the first seven places with Wright in the game. Moreover, our infield will shape up as one of the strongest, Brooklyn fans have seen in a number of years. The pitching staff I must admit is causing me some concern right at the moment. The twirlers have been slow in settling into condition and as a result we may be working under a handicap in that department at the beginning of the pennant race. Nevertheless we have the finest pitcher in the country in Dave Vance and strong support will come from Don McWeeny, Tim Lark and Jim Elliott. We have had more than our share of hard luck in the training season but if the whole club gets going to enter its going to take a mighty good time to stop us."

"I think the Cardinals are as strong as any club in the league but I can't say where we will finish because you never can tell what misfortune may befall us."

### St. Louis Cards

ST. LOUIS, April 15.—That the Chicago Cubs and the New York Giants will provide the St. Louis Cardinals with their greatest opposition during the 1929 pennant race is the opinion of Bill Southworth, youthful manager of the National League champions.

"I think the Cardinals are as strong as any club in the league but I can't say where we will finish because you never can tell what misfortune may befall us."

"I think the Cardinals are as strong as any club in the league but I can't say where we will finish because you never can tell what misfortune may befall us."

## Commission Will Elect President Tonight

## TOLEDO MUDHENS LOOK LIKE CHAMPS IN BEATING TIGERS

Hand Detroit Nine Two Straight Defeats; Parmelee Looks Good

TOLEDO, April 15.—Another point in the argument that the Toledo Mudhens will win the American Association pennant was confronting fans and other members of the league today following the 5-1 victory the Muds handed the Detroit Tigers here yesterday. That was the second defeat in as many days suffered by the Tigers at the hands of the Toledo club. Red Parmelee Toledo right handed reeve, who relieved Jeff Pfeffer allowed the Tigers only two singles in the last four innings. In addition he supplied the punch that brought the Muds from behind with two consecutive doubles.

### Red Lucas Will

Hurl for Cincy

CINCINNATI, April 15.—Manager Jack Hendricks has decided that the Reds lineup for the opening of the season here tomorrow against the St. Louis Cardinals will consist entirely of veterans with Red Lucas on the mound.

The veteran pitcher Val McIntosh is still unwell and apparently as far as ever from an agreement with the Red management. Clyde Suke forth although not as seasoned behind the bat as McIntosh has been chosen to do the catching in the opener. Pfeffer, in utility fielder last year seems to have landed a regular berth in the hot corner for 1929.

### Columbus Rests

Prior to Opener

COLUMBUS, April 15.—Demo Fiebold and his Columbus club are enjoying a rest today prior to the opening of the season here tomorrow against the Minneapolis Millers. The Senators defeated the Cincinnati Reds reserve team 6 to 2.

A new pitcher is to join the local club today after being purchased outright by President Joe Carr from the Buffalo International league club. He is Lute Proffitt, a southpaw.

### MARION FIFTH

Toledo Leads Eagles in National Tournament at Columbus

Marion bowlers participating in the national Eagles bowling tournament at Columbus yesterday finished in fifth place after the first round matches.

Toledo led the opening bowling events while Marion's score of 129 gave her fourth place position. Members of the local team were Steinmetz, Schuler, Cron, W. Baldant and Kopp.

## Showings in Recent Weeks Cause Altering of Baseball Values

BY DAVIS J. WALSH

NEW YORK, April 15.—Fires of hope burn brightly today in the 16 camps of major league baseball as with life before them and the past forgotten they await the inaugural of the 1929 season 24 hours hence. They are fires that need not wind, but fuel, and neither dust, nor belatedly essential for their burn exacted by the sustenance of self-generating enthusiasm. Hope both in baseball and in life always seems eternal in April.

All of the entries are not strictly entitled to the euphoric question, however altered values having been made necessary in some cases by what has transpired during recent weeks. The Philadelphia Athletics, for example, do not seem to be as good as they should be or as they thought they were. Neither are the Detroit Tigers nor the Brooklyn Dodgers. The Chicago Cubs are at least plus in this scale of reckoning.

### DEMPSEY IS READY FOR NEW COMEBACK

NEW YORK, April 15.—Jack Dempsey has admitted that he is ready to fight again—this year.

Thus he fulfills a prediction made a few weeks ago when Dempsey formed his partnership with Humbert Huggins and I. D. C. C.

When the old champion will fight and where depends largely on the maneuvering of Max Baer, who has expressed no opinion that he can whip Schmeling, Launo or Sharkey in the three year a-jay. He would prefer a match with Schmeling because it would be the biggest draw—especially if Schmeling eliminated Launo—and because he believes the German would give him a stand up fight.

Yes, I am going to live out a training program just as soon as we get our summer promotion plans under way," he said. "I feel good and I'm getting the old fever again. I don't know I can't say what will develop but I may fight this year if I can get the proper hookup with an outstanding contender."

Dempsey has made various training gestures that were fashionable mostly for publicity purposes. This time there is a note of earnestness in his discourse of the future. He realizes that he has neglected his physical welfare in several months of hop Scotch promotion activities and just as soon as he gets his entry summer campaign under way he will take up a "muscular program."

It was a clutch that the old champion would begin briskly, at the variety of heavyweights sooner or later but his significant move was made a few days ago when he was interviewed before a radio Mike in Chicago. Jack told his air audience that he was going, into training, again, and guessed that he might fight this year.

## CHANGES IN RULES ALSO TO CONFRONT RECREATION HEADS

Date of Season's Opening Act Yet Settled, Watch Weather

ELECTION of officers for the 1929 season will be the main problem confronting the newly elected members of the Marion Recreation Baseball Commission at its first meeting at 8 o'clock tonight at the Marion Y. M. C. A. The 12 members were elected at the annual banquet last Tuesday night representing a total of 13 teams in the city.

Another problem nearly as big as the election of officers will have to be met when the question arises of appointing a committee to make probable changes in the rules. A year protest after protest has been on the commission on technicalities arising over some rules. If possible, a recurrence of these protests will be avoided. F. O. Lindolph, secretary of the commission stated today that he would stand back of changing some of the rules.

Other committees that will have to be appointed by the new president of the commission will include a committee to make the necessary equipment to play the game. This will include bats, new sets of bases.

One more problem facing the commission will be to set a date for the season. May 6 and 13 were suggested weeks ago as the probable dates for starting, dates. The exact stretch of bad weather has practically eliminated the first date with extreme probability about May 13.

### DERBY RUNNERS FACE COLD RAIN IN STATE

Start 45-Mile Dash from Columbus to Springfield Today

COLUMBUS, April 15.—Facing a cold drizzle, rain and a ground of 45 miles U. C. Lyke, a cross country runner started from here this morning for Springfield.

Peter Gavuzzi as a result of his performances from Wheeling, W. Va. to Cambridge, O. and from the latter place to Xenia, O. is today leading the luncheoners from a standpoint of elapsed time, 77:31.07.

Gavuzzi and Ed Gardner, Seattle negro ran a dead heat from Xenia to Columbus yesterday. Gardner, who holds second place in elapsed time has a record of 88:02.10. The next four runners are: John Sale, 102:34.87; (Cristo) Umek, 105:06.11; Sam Richmond, 108:31.10; Paul Simpson, 109:11.45.
